

2000  BioTools 2010

BioTools Inc is celebrating its 10-year anniversary in 2010. From the start, we dared to be unique, innovative, and customer- driven and commercialized two groundbreaking techniques - *VCD* and *ROA*.

We thank everyone who helped us along the way - customers, vendors and friends.

We invite you to partner with us as we look to the future and continue to revolutionize the forefront of vibrational spectroscopy.
